

# *Lorain County Township Association*

Dear Advertiser,

Thank you for advertising in the 2016/2017 Lorain County Township Association directory. It is time to update our township directory for 2018/2019.

As it was last time, the new directory will be 8½" x 5½" in size and spiral bound allowing for large ad and print sizes, and easy reprint of your previous ad should that be your desire. It lays flat and remains open by itself. In addition to the trustees' contact information, Maps of each township and pictures of our meeting halls will enable users to locate their trustees' offices and meeting places easier than ever. There will be a one-stop-shop for all Lorain County Government offices as well. We expect to distribute 2,500 directories to individuals, township officials, and businesses. All of these factors make the 2018/2019 Lorain County Township Association Directory a powerful advertising tool for you and a handy reference for all.

Enclosed is a copy of your previous ad for review and all necessary forms to place your ad for the 2018/2019 directory.

While any LCTA member will be happy to assist and can take your ad, for questions feel free to contact any directory committee member below or me.

Thank you in advance for your participation!
